

Service Centre

HIGH VOLTAGE EQUIPMENT - CERTIFICATION, TESTING and REPAIR

REXEL Utility offers comprehensive equipment testing, servicing and certification to the high-voltage industry in British Columbia. Our service centre is a NAIL for PET (North American Independent Laboratories for Protective Equipment Testing) accredited and BC Hydro approved dielectric testing facility for certification and repair of; electrical, hydraulic and mechanical construction tools, safety gloves and equipment, and is an approved warranty repair centre for hydraulic and mechanical tools & equipment.

Our electric testing and service centre has supplied the poleline requirements of utility companies and line contractors in Western Canada since 1972. Since then our customer base has expanded to include electrical wholesalers, municipalities, the mining sector, oil and gas industries, telecommunication sector, pulp and paper and lumber industries worldwide.

REXEL Utility is proud to be a partner of CEA (Canadian Electrical Association).

NAIL for PET accredited and approved testing: Lineman’s High Voltage Protective Equipment

ITEM:	STANDARD:
Insulating Gloves	D120 F496
Insulating Blankets	D1048 F479
Insulating Line Hose	D1050 F478
Insulating Covers	D11049 F478
Hot Sticks and Hot Line Tools	F711 F1825 F1826 OSHA 1910.269(J)
Insulated Plastic Guards	F712
Insulated Live Line Tools	F711 F1825 F1826 F3121
Temporary By-Pass Jumpers	F2321
Portable Grounding Jumpers	F855 F2249

Factory Certified Repair

Burndy
Greenlee / Fairmont
S&C Electric (Loadbuster®—The S&C Load Break Tool)

Factory Authorized Repair

Thomas & Betts
Utility Solutions (LOAD-RANGER® XLT Load Break Tool)

Additional Testing and Repair

FIBREGLASS LIVE LINE TOOLS

High Voltage AC Testing

- Electrical Testing – Dry Test
- Electrical Testing – Wet Test

Voltage Marking on Live Line Tools

- Kearney Jumper Holding Tools
- Gripalls (Shotguns)
- Ratchet Cutters

Hydraulic, Mechanical Crimping and Cutting Tools

- Maintenance and Repair

PLASTIC GUARDS AND BARRIERS

Construction Awareness Barriers

- Inspection

Plastic Guards and Barriers

- Inspection and Cleaning
- Electrical Testing

TOOLS AND EQUIPMENT

Live Line Jumpers

- Inspection, Cleaning and Repair
- Resistance Testing
- Insulation Testing

Dielectric Hydraulic Hose

- Inspection and Cleaning
- High Pressure Test (10,000 PSI)
- Electrical Test

Load Break Tools

- Inspection and Cleaning
- Electrical Testing (Continuity, High Voltage)

Voltage Detectors and Phase Sets

- Electrical Testing

Jibs, Masts and Diving Boards

- Refinishing
- Electrical Testing

Personal Protective Grounds

- Inspection, Cleaning and Repair
- Resistance Testing

Chain and Strap Hoists

- Load Testing and Repairs

High Voltage Rubber Gloves and Blankets

- Cleaning
- Inspection
- Testing
